A practical guide to teaching poetry writing

Yield: a practical guide to teaching poetry writing

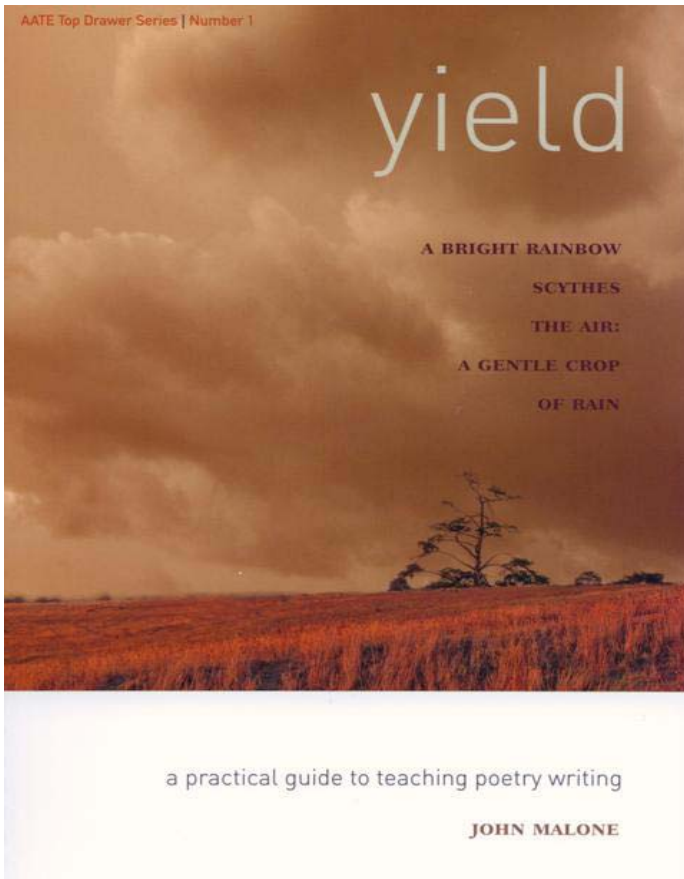

By John Malone

Price \$25 (GST inc) ISBN 9781875659203

This book is designed to get students writing poetry. The author provides ideas to kick-start student's thinking, a few hints about how to go about developing the poem on the page, and some models showing how he goes about his own poems. The emphasis is not on technical writing skill, but on enjoying poetry and getting the imagination flowing.

John Malone has years of experience in encouraging students to write poetry as a secondary teacher and now as a children's poet. John's poems have appeared in magazines, journals and numerous anthologies and have been published in Australia, New Zealand and the United States.
